SOORYA J *Software Engineer*

sooryajbusinessmail@gmail.com | +91 8921238089 | India | linkedin.com/in/soorya-j-13707525a

PROFESSIONAL SUMMARY

Software Engineer with 2+ years of experience in C#, .NET Core, ASP.NET Core Web API, and SQL Server, building enterprise-grade RESTful APIs using Clean Architecture. Skilled in third-party API integration, Azure deployment, Angular.js frontend development, and .NET MAUI mobile app development. Strong understanding of Agile, SDLC, performance optimization, and scalable system design.

WORK EXPERIENCE

Software Engineer - (.NET Core | Angular.js | SQL Server)   JULY 2024 – PRESENT
Zigbill Software Solutions Pvt Ltd   *Thiruvananthapuram, India*

- Designed and developed **RESTful Web APIs using ASP.NET Core**, supporting secure and scalable backend communication.
- Built and maintained **SQL Server databases**, including schema design, stored procedures, query optimization, and performance tuning.
- Integrated **Meta (Facebook) APIs**, including lead generation workflows and webhook handling for real-time data processing.
- Implemented **centralized logging, global exception handling, and performance monitoring** for production stability.
- Deployed and managed backend services on **Microsoft Azure (App Services)**.
- Integrated **AI features**, including **AI summaries**, **OCR (Optical Character Recognition)**, and intelligent data processing.
- Followed **Clean Architecture, SOLID principles, and Agile SDLC** practices.
- Collaborated with frontend and mobile teams to support end-to-end feature delivery.

Software Developer Intern (Python Django | Angular | SQL Server)   SEPTEMBER 2023 – MARCH 2024
Hesper Tech Private Limited   *Thiruvananthapuram, India*

- Contributed to the development of an Engineering Project Management System used for tracking product development, prototype design, CAD requests, and manufacturing workflow activities.
- Developed backend **REST APIs** using **Python Django** to manage project allocation, task assignments, approval workflows, and user access control.
- Built responsive UI components and dashboards using **Angular** for project tracking and reporting
- Integrated **SQL Server** with Django ORM for managing project, employee, and workflow-related data efficiently.
- Implemented centralized logging, error handling, and performance monitoring to improve production stability

ACHIEVEMENTS AND CERTIFICATES

- Certified in **Meta API Integration**, including application setup, website registration, and platform services
- Trained and mentored **5+ software developer trainees**, providing guidance on .NET MAUI, API integration, clean coding practices, and application architecture.
- Code Signal – Functional programming in Java
- Agentic AI in Action 2025, Boston Institute of Analytics, Trivandrum Campus

CORE SKILLS

- Programming Languages – C#, Python
- Mobile Application Development - .NET MAUI, MVVM Architecture,
- Frontend – Angular / AngularJS, React.js, JavaScript, HTML5, CSS3, jQuery
- Backend & APIs - ASP.NET Core, RESTful APIs, Web APIs
- Cloud & DevOps - Microsoft Azure, Azure App Services, Cloud Deployment
- Database Technologies - SQL Server, PostgreSQL, Database Design, Entity Framework Core, ADO.NET
- AI & Automation - AI Integration, OCR, Intelligent Data Processing
- Tools & Technologies – Visual Studio, Git, Postman
- Software Development Practices – OOPs, SOLID Principles, MVC, Clean Architecture, SDLC, Agile, Scrum, Debugging, Performance Optimization

EDUCATION

- Bachelor's Degree – Physics
University of Kerala **AUGUST 2019 -APRIL 2022**

- Diploma in Full Stack Development (Computer Science Equivalent)
Keltron, Thiruvananthapuram **MARCH 2023 – FEBRUARY 2024**
